Materials needed: 2 shuttles or needles, 6 colors of size 50 thread. Model was tatted with size 50 Flora HH or the old Handy Hands Cordonnet. Model colors are black (HH Cordonnet color 05), dark purple (HH Cordonnet color 10), medium purple (HH Cordonnet color 11), light purple (Flora HH color 597), teal (HH Cordonnet color 17), and aqua (Flora HH color 590). I found it easiest to work with 6 shuttles--one for each color.

3x10		R 3-3-3-3-3-3-3-3-3-3.		

Notes:

* The length of diagrammed picots does NOT reflect actual picot length. It just means I am not the most precise of artists!

* On split rings, the color of the line through the ring indicates which shuttle should make the ring loop.
